INDOOR LIVING IDEAS FOR GARDEN CENTRES

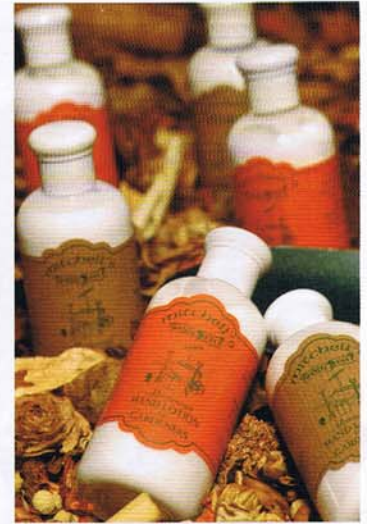

Sew useful

MANY household items are hidden away from view as they are not pretty to look at. **Pins and Ribbons** (*Top Drawer Autumn Stand NH9*) have a different philosophy. They believe that the everyday things in your home should be useful, exceptionally well-made and above all, beautiful. Hand made in the UK, quintessentially English, memo boards, door stops, lavender hearts and headboards. The company are happy to deliver to wherever you are. Visit www.pinsandribbons.co.uk Tel: 01642 649418

Setting the trend

STUNNING focal point pieces in the home and garden are setting the tone in Europe with the UK following close behind and **Fountasia**, exclusive European distributors of *Woodstock* chimes and suppliers of a range of highly desirable water sculptures, are ready to fulfil this trend. The company also supply a delightful range of cute cast granite animals including frogs, ducks, pigs and elephants, all with their own names on tags around their necks. Frost resistant, the pieces can be displayed inside or out and are smooth to the touch, made from the same material as the famous 'Quarry Critters'. RRP £5-£40. Email: info@fountasia.com Tel: 01892 835632

Traditional soap that is kindness itself

FIRST produced in the 1930's when Fred Mitchell realised that it was the natural lanolin content of wool fat which kept the hands of sheep shearers soft. **Mitchell's Wool Fat Soap** now has a special range of products for gardeners, including a new *Gardeners Hand Wash*, which are formulated with natural lanolin to restore moisture and softness to the skin after the ravages of gardening. The company's Personalised Presentation Service offers you the opportunity to have any or all of these products packaged under your own label. Visit www.mitchellswoolfatsoap.co.uk Tel: 01274 693063

Making gardens

CREATE perfect theme gardens with any of the special *Garden Makers™* seed collections from **American Modern**. Each kit includes 10 from American Modern. Each kit includes 10 varieties of distinctive seeds, stakes, marking pencil and a detailed booklet with complete growing instructions. Aluminium case and glass top tins keep the seed protected and fresh. Choose from the *Fragrant Flower Garden*, *Bird, Bee & Butterfly Garden*, *Culinary Herb Garden* and *French Market Garden*. Tel 020 8876 2149.
